

# Borrowers

Mahalia

So young and so fast to fool  
You came along before I had it all  
I was, so full of fun,  
So free of worry  
I was so full of love  
No need to hurry

I fell so far, so fast  
And I felt it cool, no lost  
And your spell on me you cast  
And I'm under it, still under it yeah

So let me borrow your heart, my love  
And I'll bring it back to you  
When I've had enough  
And then I run away, run away, run away  
And make my exit fast  
Cause I'm a borrower of hearts  
And borrowers never lost

So young and so slow to see  
But now, trust me my darling  
You can't play me  
Cause I am so sick and tired of feeling desired  
When our love was expired from the get go

I fell so far, so fast  
and I felt it cool, no lost  
and your spell on me you cast  
and I'm under it, still under it yeah

So let me borrow your heart, my love  
And I'll bring it back to you  
When I find enough  
And then I run away, run away, run away  
And make my exit fast  
Cause I'm a borrower of hearts  
And borrowers never lost

I was young and so naive, yeah  
You saw me coming  
Heart on sleeve, yeah  
You did all running, oh  
Now you're in the breeze  
So easily  
So easily

I fell so far, so fast  
And I felt it cool, no lost  
And your spell on me you cast  
And I'm under it, still under it yeah

So let me borrow your heart, my love  
And I'll bring it back to you  
When I find enough  
And then I run away, run away, run away  
And make my exit fast

Cause I'm a borrower of hearts  
And borrowers never lost
