

# Cheat

Mahalia

Once a cheat always a cheat

Mmhmm

Once a cheat always a cheat

Ooh

You swear you're innocent but that's not the case, uh

You've got that guilt written all over your face

You busy body, you can't stay in one place

You were out romancing and now you're asking for one more chance

I'ma give you one more, one more minute

Get up out here, take all your shit

I'm about to reach my limit, boy please, oh

Tell me that girl is just a friend

Make me believe in you and then

You do it again, you hurt me again and again, oh

Once a cheat, always a cheat, yeah

That's why I don't believe in what you're saying to me, uh, no, no, no, no

Once a cheat, always a cheat, yeah

I should've used my mind

I should've left you last time

Oh

Oh did you really think I wouldn't find out (Haha)

'Bout all your late-night escapades on the town (Yes I know)

What happened? You said you'd be holding me down (Me down)

'Cause you call me your lover but there's others doing that

My love is not a record, I'm not tryna run it back

One more, one more minute

Get up out here, take all your shit

I'm about to reach my limit, boy please, oh

Tell me that girl is just a friend

Make me believe in you and then

You do it again, you hurt me again and again

Once a cheat, always a cheat, yeah

That's why I don't believe in what you're saying to me, uh, no, no, no, no

Once a cheat, always a cheat, yeah

I should've used my mind

I should've left you last time

Oh

I (I) just can't believe

You'd cheat on me (On me)

Tell me one thing

Was it worth it baby?

Cuz it's over, I'm never looking back now

It's the past, what we had is ruined

It's time that I focus on me

So I threw out your stuff, left your ass for the streets

Once a cheat, always a cheat, yeah (Always a cheat, oh)

That's why I don't believe in what you're saying to me, uh, no, no, no, no

Once a cheat, always a cheat, yeah  
I should've used my mind  
I should've left you last time

Oh  
Should've left you last time  
Always baby, oh  
Once a cheat always a, always a cheat  
Baby
