I Remember

Mahalia

Woke up today, jumped out of bed
Feeling kinda great cause you're on my head
Regrets and mistakes put it behind us instead
Back to the old days when we knew what lay ahead
And I, I was wondering if I was on your mind
But I'm so out of line, I'll just get declined
Cause you're happier this time without me in your life

I remember how we used to be
I remember when you loved me
I remember when you made me cups of tea
And I remember how scared you were when you met my family
And I remember when I used to make you smile
I remember when you used to come around
I remember every time I had a frown
You'd hold me until the stars came out and the sun went down

I'm not saying we can last forever
I just think we could be much better
If you disagree then, honey go get her
Don't bother writing an apologetic letter
Cause darlin', darlin' I won't reply
You're so out of line and you'll just get declined
Cos I'm happier this time without you in my life

And I remember how we used to be
I remember when you loved me
I remember when you made me cups of tea
And I remember how scared you were when you met my family
And I remember when I used to make you smile
I remember when you used to come around
I remember every time I had a frown
You'd hold me until the stars came out and the sun went down

Down, down, down, down, down
I remember how we used to be
I remember how we used to be
Down, down, down, down, down
I I remember every time I had a frown you'd hold me

I remember how we used to be
I remember when you loved me
I remember when you made me cups of tea
And I remember how scared you were when you met my family
And I remember when I used to make you smile
I remember when you used to come around
I remember every time I had a frown
You'd hold me until the stars came out and the sun went...
