

November

Mahalia

Don't wanna close my eyes for a minute
'Cause I miss you every time I go to sleep
And dreaming's not as good as life with you in it
So I lie awake and try not to blink

I can offer you my word
I'll love you even if you hurt me and you might
Yeah, you might
I'll keep a picture of you in my purse
In case you leave me on this earth
'Cause you might
Yeah you might

I'll be right there till the flame turns to an ember
I'll be right there until you can't remember
How we met that winter night back in November
I'll be right there, I'll be right there forever

(Ooh)
I'm in love
I'll admit it
This feeling runs deep in my soul
And they said we wouldn't last
But we did it
You're my angel, your light guides me home

I just wanna see you shine
I'll love you till the end of time
And I'll write it, yes I'll write it
In every verse and every line
To let the world know that you're mine
Girl don't fight it
Girl don't fight

I'll be right there till the flame turns to an ember
I'll be right there until you can't remember
How we met that winter night back in November
I'll be right there, I'll be right there...

I pray things never change
And I hope you feel the same
'Cause I could never imagine seeing better days without you
I'll hold your heart to share the weight
I'll be there to take the pain away
Yeah I'll be right...

I'll be right there till the flame turns to an ember
I'll be right there until you can't remember
How we met that winter night back in November
I'll be right there, I'll be right there forever
I'll be right there till the flame turns to an ember
I'll be right there until you can't remember babe
How we met that winter night back in November
I'll be right there, I'll be right there forever
