

Ride

Mahalia

When the hands wave goodbye
And when the shadows sink into the night
And when the rain goes back into the sky
I'll wait for you to ride
And when the crying stops aloud
And when the rocks stop falling
And when the rain goes back now
I'll wait for you to ride

Well love, ride down the red brick road
And met me here where we're all alone
And ride down memory past
And meet me here to have a laugh

When the pain goes inside
And when the arguments decide to die
And when the soldiers end the fight
I'll wait for you to ride
When you smile at me is when the light comes out for tea
And when the love falls peacefully I'll wait for you to ride

Ride down the red brick road
And met me here where we're all alone
And ride down memory past
And meet me here to have a laugh

I know a place where we can go
A place none of us know (A place none of us know)
I know a place where we can see
A place for you and me

Well love, ride, a ride, a ride, a ride, a ride down, down
And I'll ride, a ride, a ride, a ride, a ride down, down
Well love, ride, ride, a ride, a ride, a ride down, down
And I'll ride, a ride, a ride, a ride, a ride down
