

Rollercoaster

Mahalia

I wonder if you're tired
You've been running 'round all day
Doing marathons 'round my mind
I bet you need a break
I bet you need to take a minute

And when I say you're just my type
People ask how I know and why
And I reply
Oh I can't describe it but I'll try

I've been feeling like I'm on a rollercoaster
Since you've been around
I've been feeling like I'm on a rollercoaster
And I never wanna come down

Oh you're such a gentleman
I don't know many like you
Good looking and intelligent
How I love the things you do

And when I say you're just my type
People ask how I know and why
And I reply
Oh I can't describe it but I'll try

I've been feeling like I'm on a rollercoaster
Since you've been around
I've been feeling like I'm on a rollercoaster
And I never wanna come down
I've been feeling like I'm on a rollercoaster
Since you've been around
I've been feeling like I'm on a rollercoaster
And I never wanna come down

I never wanna come down, come down, come down
I wanna stay high above the ground, 'bove the ground, 'bove the ground
You bring the best in me out and I think I'm in love now
I never wanna come down, come down, come down
I wanna stay high above the ground, 'bove the ground, 'bove the ground
You bring the good in me out, yeah, and I think I'm in love now

Ah ah, ah ah ah
Ah ah, ah ah ah
Ah ah, ah ah ah
Ah ah, ah ah ah
