

# Simmer

Mahalia

Sometimes you love too hard  
Sometimes you go too far  
Now I won't want you if you need me  
Real things do not come easy, no

Never been your average girl  
So take time with me, take time  
Baby, talk to me with some action  
We can find a place for your passion, oh

Cool down, simmer  
Cool now, please me  
Cool now, sinner  
Cool down, love  
Cool now, simmer  
Cool now, please me  
Cool now, sinner  
Cool down, love  
Cool now, simmer  
Cool now, please me  
Cool now, sinner  
Cool down, love, love

Sometimes I want you close  
Sometimes I want my space  
Just know I'm gonna call if I need you  
It's not my job to please you

Never been your average girl  
So take time with me, take time  
Baby, talk to me with some action  
Think I got a place for your passion

Cool now, simmer  
Cool now, please me  
Cool down, simmer  
Cool down, love  
Cool now, simmer  
Cool now, please me  
Cool now, simmer  
Cool down, love  
Cool now, simmer  
Cool now, please me  
Cool now, simmer  
Cool down, love, love  
Boy you make it too hard for me to stay here  
Boy you're making it hard for me to be your love, love  
So cool now, simmer, simmer

Baby, you're make me tell you this  
I won't waste no time, I'll be proceeding quick  
The way you're moving lately got me feeling sick  
Like sey you've forgotten who you're dealing with  
Man, ah real bread winner me work nonstop  
You no cook no dinner when I come back  
Something wrong with ya, come out from that  
If me walk and leave ya, me nah come back

You're falling, but you don't wanna fall too hard  
You're falling, but you don't wanna fall apart  
'Cause it might break if I give you my heart  
And you hold on too hard (too hard, hard)

So cool down, simmer, simmer  
Cool down, simmer  
Cool now, please me  
Cool now, sinner  
Cool down, love  
Cool now, sinner  
Cool now, please me  
Cool now, sinner, simmer (si-si-simmer)  
Boy you make it too hot for me to stay here  
Boy you're making it hard for me to be your love, love

Simmer, simmer
