

Sober

Mahalia

Now that I am sober
I take back what I said
I'm sittin' with this love hangover
And boy it's hurtin' my head
It's the middle of October
And we just came to an end
I'm just sorry that there ain't no time left
You and I we're over
Me and you are done
When I wanted to be closer
You just wanted to run
Though I know it's no ones fault
If I've learned anything at all
With us, no matter how I add it up
One plus one is none

You've been on my mind for a while now
Tryna get you off 'cause this ain't right now
You said it was a vibe for the time being
It was nothing more but I just couldn't see it
This is not a song for the whole world
Felt like it could've been us against the whole world
Maybe you were mine and I was your girl
Whatever happened to the time that we spent

Sober
I take back what I said
I'm sittin' with this love hangover
And boy it's hurtin' my head
It's the middle of October
And we just came to an end
I'm just sorry that there ain't no time left
You and I we're over
Me and you are done
When I wanted to be closer
You just wanted to run
Though I know it's no ones fault
If I've learned anything at all
With us, no matter how I add it up
One plus one is none

I've been at this party for some time now
Sippin' on Bacardi 'til it runs out
You are in the corner with your head down
I don't even wanna know what that's about
'Cause you're the one that's always gettin' too wasted
And I'm the one that's never got intoxicated
Tonight I'm in my feelings, oh I'm faded
But I don't wanna think about the complicated
Oh your love got me feeling like I can't
Get up, wishing for it but it never lasts
I thought we'd be together
Oh it ended so fast

Now that I am sober
I take back what I said
I'm sittin' with this love hangover

And boy it's hurtin' my head
It's the middle of October
But we just came to an end
I'm just sorry that there ain't no time left
Cos you and I we're over
Me and you are done
Cos, when I wanted to be
You just wanted to run
Though I know it's no ones fault
If I've learned anything at all
With us, no matter how I add it up
One plus one is none
