

Testing

Mahalia

Test, test, test, test
Oh-oh
Test, test, test, test
Oh-oh

How can I connect with you? Uh (With you, oh)
When you don't see my point of view? No
It's a shame, man, it's a shame
The way you take the simple things and complicate
Is it insecurities that I can taste? (Taste, taste, taste)
When I'm givin' you my all, you dominate, yeah

Testing, testing (Test, test, test)
Testing, testing my love, oh
Testing, testing
Can you give me something I can trust? Oh
I'm lookin' for a best friend
Somebody that I can run away with, oh
Testing, testing
Testing, testing my love

Don't be pushing me, I'm just tryna please
I just wanna know who you are
It's not embarrassing to let it all free
I know where you are
I don't mind doin' all this cliché shit, I might
Come to your house, I could sing or I could spit tonight
Put me on my shoulder, I turn on the mic and then
You go, I go, one, two, ah

Testing, testing (Test, test, test)
Testing, testing my love, oh
Testing, testing
Can you give me something I can trust? Oh
I'm lookin' for a best friend (Best friend)
Somebody that I can run away with, oh
Testing, testing
Testing, testing my love, uh

Oh, oh
Yeah, yeah
Da-da, da-da, da-da, uh

Testing, testing (Yeah)
Testing, testing my love, oh (L-l-love)
Testing, testing
Can you give me something I can trust? Oh (Trust, trust)
I'm lookin' for a best friend (Best friend)
Somebody that I can run away with, oh
Testing, testing
Testing, testing my love
