

Too Nice

Mahalia

Baby, don't speak
If you think it's all in my head
Then we should just leave it, you keep it
We can put this straight to bed
Your game's too weak
With everything that you could've said
Oh, I don't believe it, no
Maybe I should do it for you instead

I don't know what you wanna do
I don't know why you wanna play
I know what you wanna say
But you're standing in your own way
I'm just tryna get close to you (Say)
But I ain't got time for games
I know what you wanna say (Keep up)
Well, get out my face

I know you want me
So just be honest, boy
I made it easy
I think you're the problem, boy
This could be lovely
And I know what you would enjoy
Think you're too nice, only got one life
So don't you waste it

(Yeah, well, babe)

Giving me ice
You can stand at the bar
For as long as you like
I won't bite
So you can take down that guard
I don't do fights
And it's looking like one's 'bout to start
Before they turn on these lights
I might go soon
And leave you in the dark

I don't know what you wanna do
I don't know why you wanna play
I know what you wanna say
But you're standing in your own way
I'm just tryna get close to you (Say)
But I ain't got time for games (Shame)
I know what you wanna say (Keep up)
Well, get out my face

I know you want me
So just be honest, boy
I made it easy
I think you're the problem, boy
This could be lovely
And I know what you would enjoy
Think you're too nice, only got one life
So don't you waste it

Only got one life
Think you're too nice
Don't be shy, take me outside
Get in di car and drive
Sugar and spice
No fork and knife
Spoonin'g tonight
Come from behind
So I take time

I know you want me
So just be honest, boy
I made it easy
I think you're the problem, boy
This could be lovely
And I know what you would enjoy (I do)
Think you're too nice, only got one life
So don't you waste it, babe
