

# Karma

Mahmood

Sai che ti farei  
Ma c'è il coprifuoco dalle 6  
Mi si sono rotte le Buffalo  
Correndo per arrivare al Louvre  
Da te, ma non c'eri più

Sai che mi hanno messo le manette  
Per un poco d'erba, ho mentito un po'  
Mi scusi, non ho voce  
Je ne parle pas francais

Everything's so clear, ooh  
And, baby, I believe in karma  
You can keep your grief, ooh  
And my Kawasaki sweater  
Even if you get me high, I can't let you damage my heart, ooh  
Don't tell me that you are sorry 'cause I'm to blame too

Tell me, do you love me like I do?  
You are right, I wasn't really here for you  
I left tired and confused  
But theories will never be as good as you

Why is it so hard to silence this attraction?  
To separate sex and emotion  
In your mind, your mind, your mind  
I lied, you lied, we lied

Everything's so clear, ooh  
And, baby, I believe in karma  
You can keep your grief, ooh  
And my Kawasaki sweater  
Even if you get me high, I can't let you damage my heart, ooh  
Don't tell me that you are sorry 'cause I'm to blame too

Baby, I believe in karma, karma  
You know I don't need the drama, drama  
Made me put your number on the call block  
Please don't try to call my mama, mama

Baby, I believe in karma, karma  
You know I don't need the drama, drama  
Made me put your number on the call block  
Please don't try to call my mama, mama
