

## In Control

Mahmut Orhan

Do you even know  
How it's about to go down  
It's about to go down

Let your feelings flow  
I will show you just how  
I will show you just how

Keep it in control  
Never let your fear out  
Never let your fear out

Never let your fear out

Do you even know  
How it's about to go down  
It's about to go down

Let your feelings flow  
I will show you just how  
I will show you just how

Never let your fear out

Never let your fear out
