

# Schhh

**Mahmut Orhan**

The shadows bending  
My hand is shaking  
I'm touching your face  
I feel your pain

Your fire's burnin'  
My heart is melting  
Dissolve

It's not about us  
It's not about us  
Another meant to forgive  
Another sorry to leave

It's not about us  
It's not about us  
Another meant to forget  
Another love to regret

'Cause it's not about us  
Oh no no no  
Oh no no no  
Oh oh  
Oh no no no  
Oh no no no

The shadows bending  
My hand is shaking  
I'm touching your face  
I feel your pain

Your fire's burnin'  
My heart is melting  
Dissolve

It's not about us  
It's not about us  
Another meant to forgive  
Another sorry to leave

It's not about us  
It's not about us  
Another meant to forget  
Another love to regret

'Cause it's not about us  
Oh no no no  
Oh no no no  
Oh oh  
Oh no no no  
Oh no no no
