We still up in these streets  
(All of my niggas gon bang, all of my niggas gon bang)  
We ain't keepin the peace  
(All of my niggas gon bang, all of my niggas gon bang)  
We still up in these streets  
(All of my niggas gon bang, all of my niggas gon bang)  
And they movin them keys  
(All of my niggas gon bang, all of my niggas gon bang)

All of my niggas about all they dough  
All of my niggas gon hustle the blow  
All of my niggas gon ride for they niggas  
Thank God for my niggas, won't die for no hoe  
Where's all that money that they rap about?  
Where's all them fires that they talk about?  
Where's all that jewelry? Can I see the uzzi?  
They wantin that we really about  
I can't believe that these niggas was dealers  
I can't believe that these niggas was killers  
I can't believe em, these niggas not heathens  
They never was beefin, they never was sinners  
Ride for my homies, I ride for my homies  
Straight to the top with the rest of my homies  
Don't wanna live if I'm not with my homies  
Fuck all that rap shit, these bitches don't know me  
Pray for me baby, I'm bout to go off  
Most of these niggas ain't nothing at all  
Press on a button, my roof will come off  
Never was for me, these niggas is soft

We still up in these streets  
(All of my niggas gon bang, all of my niggas gon bang)  
We ain't keepin the peace  
(All of my niggas gon bang, all of my niggas gon bang)  
We still up in these streets  
(All of my niggas gon bang, all of my niggas gon bang)  
And they movin them keys  
(All of my niggas gon bang, all of my niggas gon bang)

Yea, some of my niggas is still in the street  
One of my niggas be home in a week  
Love all my niggas, I love all my niggas  
It's true and I know who to call when it's beef  
Real niggas say I'm the king of the stars  
Who said I'm not and I'll prove he a liar  
Niggas don't want it, they only is honest  
I'm just being honest, I'm really that guy  
Really that nigga? That thing is a fail  
They not gon stop me from blowin this year  
I've just been plottin and patiently waitin  
And waitin and plottin the shit on em yeah  
All of my niggas that love me the same  
All of my niggas that pop with a bang  
All of my niggas, want more of my niggas  
That's 500 niggas that ride for ya mane  
That ain't gon stop what was destined to be  
Hunned of runners through Queens with a key

Niggas can't touch me, they really can't see?  
Hollering Brooklyn it's Maino and Reef

We still up in these streets  
(All of my niggas gon bang, all of my niggas gon bang)  
We ain't keepin the peace  
(All of my niggas gon bang, all of my niggas gon bang)  
We still up in these streets  
(All of my niggas gon bang, all of my niggas gon bang)  
And they movin them keys  
(All of my niggas gon bang, all of my niggas gon bang)
