

Big Dog

Maino

Yeah

Big dog not the little one
I do rich shit

Big dog not the little one
I do rich shit
Turn up, we gon' turn up
Let's get lit lit
Thick bitch wanna take me home, got my dick licked
Lips done, look like Summer Walker from a distance

Big dog

Big dog not the little one
I do rich shit
Turn up, we gon' turn up
Let's get lit lit
Thick bitch wanna take me home, got my dick licked
Lips done, look like Summer Walker from a distance
I'm him, bitches love him, egotistic
That guy not live guy, he's a witness
Cold heart in that chrome heart, that's a big drip
Benz coupe, rocking big jewels from the district
Big dog not the little one
Stand on business
Lights on when the ice on look like Christmas
That's right, got her ass done
That's a lit bitch
Young thing turn her phone off, that's a slick bitch
Big dog not the little one
Not the little one
Bad bitch point her out
Yeah I want the middle one
Said she got a thing for OGs
Imma give her one
Fuck you mean, the game or the haters can't get rid of them
Big dog

Big dog not the little one
No I live this
Big motivation to my hood on my nip shit
Come through diamonds all blue, that's a crisp drip
Doing shots in the cyber truck, almost hit shit
You ain't right if you testify, that's some snitch shit
Imma shine, don't you close your eyes, you might miss this

Big dog
Not the little one
Big dog
Not the little one
Big dog
Not the little one
Big dog
Not the little one
