

# Die a Legend

Maino

I don't care what y'all think  
I don't care if you think you a lawyer  
If you a man, if you an African-American  
If you whatever the fuck you think you are  
Put down for the niggas to these motherfuckers  
You know, and until we own some shit  
I'm a call it like it is  
How you gonna be a man if you starving?

I'm a die a legend, words from a reverend  
Already drunk now on my way to heaven  
Heaven don't want me and I ran out of blessings  
And I'm coming out of hell with a three fifty seven  
Higher than a bitch, flyer than a six  
Diamonds in the rollie worth dying for the risk  
Hanging out the window when I'm firing a fifth  
Got a bullet for them niggas so they lying in a ditch  
It ain't about lyrics, real niggas feel it  
Voices in my head screaming telling me to get it  
Living on the edge is the only way to live it  
So my homies in the pen I'm a pull up when I visit  
The realest on the globe, got me in the zone  
Pop champagne yelling money over hoes  
Somebody gonna die when I run into my foes  
Feeling like [?] yeah, I did it for my woes  
Pull up in a Benz leave in a 'Rari  
Came in peace, left with a body  
Pissy ass drunk with a sawed off shotty  
The feds on me is the ones that got Gotti  
I ain't no rap nigga, yeah, I'm just that nigga  
I'm the OG of the DOD rap killers  
Little ass monkeys wanna act gorillas  
Pull up in them furs, broad day and just sack niggas

Living in hell, I gotta find heaven  
Living like a gangsta, so I'm a die a legend  
Said I'm living in hell, tryna find heaven  
Living like a gangsta, so I'm a die a legend  
I'm a die a legend, I'm a die a legend  
I'm a die a legend, I'm a die a legend  
I'm a die a legend, I'm a die a legend  
I'm a die a legend, I'm a die a legend

I'm a die a legend  
On the front page news at eleven  
Traded my religion for these pretty ass bitches  
So I'm headed to the strip club ready for the tipping  
I'm about business, fuck y'all feelings  
Thought I seen Christ when I touched that mirror  
Niggas gonna remember, they don't live forever  
Like 50 Cent two nines in the Jetta  
Oh dope boy sweat suit in the room  
Leaning on the Beemer like I'm [?]  
When it come to G shit I'm the CEO  
I gave real niggas something more to hold  
Real street nigga that turned into a rap star  
In an industry full of fuckboys and actors

In a Rolls Royce but I whip it like NASCAR  
Heaven for a G? I'm a make sure to ask y'all

Living in hell, I gotta find heaven  
Living like a gangsta, so I'm a die a legend  
Living in hell, tryna find heaven  
Living like a gangsta, so I'm a die a legend  
I'm a die a legend, I'm a die a legend  
I'm a die a legend, I'm a die a legend  
I'm a die a legend, I'm a die a legend  
I'm a die a legend, I'm a die a legend

I'm a die a legend  
I'm a die a legend  
I'm a die a legend
