

If I knew better, I would do better for you babe  
Wish I knew better, then I wouldn't make the same mistakes

Late nights you up and I ain't home still  
No text, my phone goin' to voicemail  
Your inner thoughts sayin' you need to be goin' soon  
I got the nerve to come in smellin' like perfume  
Damn, is it really that I'm mixed up?  
I'm thin like I lost somethin' at the strip club  
Still playin' but my conscious yellin' grow up  
Like a job, it's so hard to get a hoes up  
Never thought that I ever would need a woman  
The truth is I never learned how to treat a woman  
And I don't really know what it's like to be a woman  
But all I know one day my daughter's gon' be a woman  
Can't lie, I'm a dog, I'm a cheater  
Apologize for the times I mistreat you  
And I keep sayin' sorry, you like whatever  
Don't want you to leave but I know you deserve better

If I knew better, I would do better for you babe  
Wish I knew better, then I wouldn't make the same mistakes  
Oh, if I knew, if I knew, if only I knew  
Then I would do better, better, better for you

Yeah, and I know you don't relate to the kind of pain I'm in  
Battlin' my demons, just the ways of men  
Good girl at home but these hoes ain't playin' fair  
Fightin' temptation, keep me inside your prayers  
I hate to see you hurt, that's true for what it's worth  
And please never blame yourself for all my dirt, hey  
I know you tired but you holdin' on  
What'd I do, turned around and still do you wrong  
Never too big to say I'm sorry  
To the women in my life that had abortions by me  
Wasn't able to be the man you needed  
This life girl, I wasn't ready to leave it (you know it's true)  
Your friends say why you takin' that?  
They tell you to leave, don't ever take him back  
I keep sayin' sorry, you like whatever  
Don't want you to leave but I know you deserve better

If I knew better, I would do better for you babe  
Wish I knew better, then I wouldn't make the same mistakes  
Oh, if I knew, if I knew, if only I knew  
Then I would do better, better, better for you
