

POB Bitch

I should tattoo tears for my niggas gone  
I been grinding hard to put my niggas on  
I been getting pissy drunk like everyday  
I been living fast ain't got no time to pray  
I been spending money in the strip club lately  
I been spending more time with my side bitch lately  
I ain't tryna sleep I been up for days  
I been living fast ain't got no time to pray

Woke up in the morning and I forgot to go pray  
If I catch a opposite mistaking when he lay  
Why the fuck you hate on me I get paid  
Don't stop by my house I get ready  
I'm turnt up every night my niggas faded  
Waiting on that pill my niggas waiting  
Sipping lean, smoke dope my niggas fainted  
Why the fuck you hating on me nigga I made it  
So shawty why you ignoring me  
Real niggas pay for loyalty  
No I can't snitch I can't [?]  
Bitch OT up that's my team

I been paper chasing I forgot to pray  
I been thinkin positive just not today  
Feel like I ain't said a prayer since second grade  
I need help before they take my breath away  
My side bitch thing that she my wifey and I like it  
Least my future bright I think I need a psychic  
Y'all been pissy drunk I'm screaming fuck that license  
Spanish bitch with long flowing hair gets me excited  
Yellow rollie the fifth he told me these niggas know me  
Streets is lonely I pour out liquor for ones before me  
I been happy that my nigga finally home  
Just tryna find a way to put my nigga on
