

Love And Loyalty

Maino

Put a hundred hundred on a chain
Put two-fifty on a Range
I ain't even talkin' 'bout the watch
But love and loyalty don't cost a thing
Showin' love, man, that shit free, huh
D riding, man, that ain't me, huh
Rise and grind, I took the long way, huh
But I got it here the hard way, huh

Wait a minute, shit is so silly
Too much dick riding in my own city
Just dropped a bag on the homie's lawyer fees
What these pussy niggas know about loyalty?
They say I changed since I got hood rich
I just bought a pair of Loubs for a hood bitch
Get it out the mud, get it out the mud
Different reasons just to hate, keep the phony love
How you want it? Plain Jane or the bustdown?
Get her drunk, take her home, then it's touchdown
They know I got it out the hallway
We in this bitch like we standing in your hallway

Put a hundred hundred on a chain
Put two-fifty on a Range
I ain't even talkin' 'bout the watch
But love and loyalty don't cost a thing
Showin' love, man, that shit free, huh
D riding, man, that ain't me, huh
Rise and grind, I took the long way, huh
But I got it here the hard way, huh

How you want it, big body or the Q, boy?
Been ballin', and I ain't talkin' hoops, boy
Who you callin'? It might just be your ho, nigga
One time for the homies on parole, nigga
All that hating get your main bitch knocked off
They gon' have to kill me if they want this watch on me
White diamonds, yellow gold, and a sweatsuit
Breath smelling like champagne and pussy juice
Keep it real, five bitches in the same room
Hit 'em all, then I woke up in The Shade Room
Yeah, they know I got it out the hard way
We in this bitch like we standing in your hallway

Put a hundred hundred on a chain
Put two-fifty on a Range
I ain't even talkin' 'bout the watch
But love and loyalty don't cost a thing
Showin' love, man, that shit free, huh
D riding, man, that ain't me, huh
Rise and grind, I took the long way, huh
But I got it here the hard way, huh
