

# No Fucks to Give

Maino

All I got is one life to live  
All I got is one life to live  
Been stop giving a fuck, yeah yeah

Been stop giving a fuck (yes)  
I ain't got another one left (nope)  
Niggas gonna hate just 'cause (why?)  
Real niggas love me to death (woo)  
Think I give a fuck how they feel? (I don't)  
Think I give a fuck how they feel? (I don't)  
Hop up out a Wraith with a cape on  
Bitches like that's how you feel?  
Live niggas do what they want (woo)  
Lame niggas do what they told to (let's go)  
Hundred round drum in the AK  
Lay a nigga down like Pro-Tools  
Started out hardley with nothin'  
Got a brick, thought it was somethin'  
Finely got the bitch I wanted  
Found out she really was nothin'  
I was just tryna be somebody  
Couldn't afford to be nobody  
Could've been shot dead in that lobby  
It was either shoot first or be bodied  
Mama screamin' boy be careful  
Bullets flyin' past my earlobes  
Knowing I can die anywhere yo  
Think I care about these industry weirdos?

Only one life to live  
Daughter sayin' where you live?  
Ran out of care this morning  
So I don't have a fuck to give  
I don't have a fuck to give  
I don't have a fuck to give  
Ran out of care this morning  
So I don't have a fuck to give

How am I feelin'? no fucks given  
Fuck they feelings, who got opinions?  
I been the truth since I stepped out of prison  
I know the feeling of touchin' a million  
I know the feeling of touchin' the clouds  
Fuck what they say, it don't bother me now  
Playin' with bricks, do you follow me now?  
Shorty says she was gon' swallow it down  
I got the Glock with the scope and the laser  
Back in the yard all I had was my razor  
Studied the cocaine like it was my major  
Now I get treated like I was their savior  
Shout out my dogs who left home and got lost  
Woke up this morning, fuck goin' to court  
The struggle is long, my life is so short  
Somebody shoot me, get killed in a cross  
Nowadays niggas wanna be somebody  
Everybody act like they somebody  
Niggas on the gram stunt like they got it

Hoes gon' fuck for a ride in a Rari  
One life to live, two baby mamas to care  
What a life to live, ran out of fucks to give

Only one life to live  
Daughter sayin' where you live?  
Ran out of care this morning  
So I don't have a fuck to give  
I don't have a fuck to give  
I don't have a fuck to give  
Ran out of care this morning  
So I don't have a fuck to give
