Boy mad at the game that I spat at chick
In his feelings cause Germain put a bag on his chick
Switching lanes lil lame, hop out of the six
Like I don't took an R&B nigga bitch
I'm a God to these hoes tho
Niggas crying about these hoes that I own tho
Here we go, let em blow mic check one two
Heard he dreaming about starlets, had that one too
Boy I don't had the same girls that you did
And now I don't even know how to sing, but they love the kid
And that's a fact, now they ask if I'm really am that dude
Shorty say she love my stars and Tattoos
I'm a king that will swipe your main chick
Let her see Brooklyn
You know that's main bitch
Didn't see me coming, thought my aim was local
Not only in new york, man my whole gang global

Without you I feel uneven
Make every day our love season
Baby girl you know you my rider
That should be enough reason
Call you baby, that's only your title
I don't need no more rivals
I put that on the bible
Girl you the only thing that I want

You give me that feeling
Make every day our love season
Dirty lover you are my rider
That should be enough reason
I call you baby that's only your title
Cause I don't need no more rivals
I put that on the bible
I'm a love you till my time is gon

I been here and trust me you seen It all before tho
I told my ex for me relationships a no no
And here I am thinking we perfect like a photo
You looking at me like righty now you need some more more
I know you ready and willing but that ain't my place
I know you want to settle down, it's all on your face
Feeling starting to get too familiar
Let's cover up this broken love treason
Make every day our love season
Dirty lover you are my rider
That should be enough reason
I call you baby that's only your title
Cause I don't need no more rivals
I put that on the bible

You give me that feeling
Make every day our love season
Dirty lover you are my rider
That should be enough reason
I call you baby that's only your title

Cause I don't need no more rivals
I put that on the bible
I'm a love you till my time is gon

You say you see us side by side
Like a visionary I can see me falling
Like a dictionary I can read through all this
Eyes wide open
I still fall blind, I don't know why all this girl is
Let's go back to the beginning
Let's cover up this broken love treason
Make every day our love season
Dirty lover you are my rider
That should be enough reason
Call you baby that's only your title
I don't need no more rivals
I put that on the bible
You the only thing that I want
