

Too Late

Maino

Back then she was fine
Now she be all on my body I told her that's too late
She tried to call me a munch
I'm in her mouth like toothpaste
Already gave me the buns
Play with that pussy like 2k
I got the good
The bad in my trap
Yeah, serving them too face
I'm Mr. do what I want
Serve you on Monday and rob you on Tuesday
I'm Mr. face me a blunt
They keep giving me screw face
I'm Mr. rob me a plug
Run in your crib now I got new weight
He trying to find where the drugs
You know I already robbed you too late

I'm a thief in the night
I keep a pipe
In case they want fight
Thank God for the time
I've been saying free the gang my whole life
Oh, that's your wife
She gave me neck out of spite
She want spend the night
Now I can tell her we gonna fight
Fronting on me at the wrong time
Now you tryin' see how it's going down
Know when I pull up its going down
When I see you gonna put the phone down
More money
More drugs always gonna come with some hoes around
More money
More guns
Always gonna come with some homicides

Back then she was fine
Now she be all on my body I told her that's too late
She tried to call me a munch
I'm in her mouth like toothpaste

Back then she didn't know me
That's right she shitted on me
But now she feining on me
Because these rocks look different on me
Too late to spin my black babe

You realize that way not
Now watch me pop on my shit
