

# Heaven

Majical Cloudz

We will dance on our way to heaven  
We will dance on our way to heaven

You say, "When I'm dead, I will never be afraid again"  
You say, "When I'm dead, I will never be afraid again"

Fall down, standing up is boring  
Fall down, standing up is boring

You say, "When I'm dead, I will never feel this strange again"  
You say, "When I'm dead, I will never feel this strange again"

I sing about this feeling  
And I love it when you hear me  
I sing about this feeling  
We won't always feel it  
We're on our way to heaven

You laugh, standing in the mirror  
You laugh, standing in the mirror

And in a day, you will never be this young again  
And in a day, you will never be this young again

I sing about this feeling  
And I love it when you hear me  
I sing about this feeling  
We won't always feel it  
We're on our way to heaven

When we're dead, dead, dead, dead, dead  
We will dance, dance, dance, dance, dance  
When we're dead, dead, dead, dead, dead  
We will dance, dance, dance, dance, dance

On our way to heaven  
On our way to heaven  
On our way to heaven
