

Let Me Lie

Majical Cloudz

Let me lie on your floor
I let out, "Hallelujah"
I don't need you
I don't know
I am losing my mind
I am leaving it behind

Let me live on your time
Make me cry with a smile
I just need it
I know why
I am losing my mind
I am leaving it behind

To dream of you
To dream of you
To dream of you
To dream of you
To dream of you
To dream of you
To dream of you
To dream of you
To dream of you

Let me lie down on your cold floor
Let me lie down on your cold floor
What can I say to get my way?
I am losing my mind
I am leaving it behind

To dream of you
To dream of you
To dream of you
To dream of you
To dream of you
To dream of you
To dream of you
To dream of you
To dream of you
To dream of you
To dream of you
To dream of you
