

# This Is Magic

Majical Cloudz

I feel like a kid  
I see some monster standing over my crib  
And they fall in

Somebody knows who I am  
Somebody sees me and wants to be my friend  
And I know

This is all that I want  
I had dreams about you when I was so young  
And you're mine

I hear a murderer walk  
I hear his footsteps talk through floorboards in my house  
And he climbs the stairs

If this is all that I have  
If this song is the last thing I do I feel so good  
That I sang it

I see this light  
Coming from behind and growing to enormous size  
This is magic

As I let my body go  
I thought you should know that it's been so fine  
I've been fine

I feel like a kid  
I see some monster standing over my crib  
And they fall in
