

Wait & See

Majical Cloudz

You're disappearing now
You're disappearing, friend
You're leaking water now
You'll take pictures of it

If you try to forget
Will you try not to lie?
Don't fuck up your mind
Don't fuck up your mind

Wait 'til the morning comes
Follow where the water runs
Wade into the open sea
Find if it'll help you breathe
Wait and see
Wait and see
Wait and see
Wait and see

I'm in the water now
I'm looking for you, friend
I'm leaking water now
You'll take pictures of it

If I try to be brave
Will you try to be kind?
Don't fuck up your mind
Don't fuck up your mind

Wait 'til the morning comes
Follow where the water runs
Wade into the open sea
Find if it'll help you breathe
Wait and see
Wait and see
Wait and see
Wait and see
