

## Lies

## Major Accident

And I just don't know what to tell you.  
And I just don't know what to say.  
And I don't know if you believe me.  
When you hear the words I say.

They say the truth is out  
there somewhere  
It's staring you right in the face.  
And I don't know if you believe me  
I'll put that bastard in his place.

I said the truth is out there somewhere.  
It's staring you right in the face.  
And I don't know if you believe me.  
I'm gonna put him in his place
