

Powerful

Major Lazer

Oh my, my, my, what you do to me?
Like lightning when I'm swimming in the sea
From the very first time we loved
From the very first time we touched
Walking on wires and power lines
You put your body on top of mine
Every time that you lift me up
To the heaven and stars above

Oh lord of mercy, I'm begging you, please
I'm feeling drained, I need love
You torch me up like electricity
Jump-start my heart with your love

There's an energy when you hold me
When you touch me, it's so powerful
I can feel it when you hold me
When you touch me, it's so powerful

There's an energy when you hold me
When you touch me, it's so powerful
I can feel it when you hold me
When you touch me, it's so powerful

I couldn't leave even if I wanted to
Cause something keeps pulling me back to you
From the very first time we loved
From the very first time we touched
The stroke of your fingers, the scent of your lingers
My mind roaming wild, the thoughts of your smile
Oh, you gotta give me some
Or you can give it all
But it's never enough no

There's an energy when you hold me
When you touch me, it's so powerful
I can feel it when you hold me
When you touch me, it's so powerful

I can feel it when you hold me
When you touch me, it's so powerful
There's an energy when you hold me
When you touch me, it's so powerful

I can feel it when you hold me
When you touch me, it's so powerful
I can feel it when you hold me
When you touch me, it's so powerful

Hold me in your arms
Burns like a fire, electricity
When you're close I feel the sparks
Takes me higher to infinity
