

# 20Neva

Major Nine

(DJ, put that bitch on replay...)

Take your time with my love 'cause there ain't no refund  
We break up and get back together like reruns  
And yo mother love a nigga like her older son  
All the times we fell in love, we were holdin' on  
Know what to do, not doin' it is the dumb shit  
We used to argue every day on that young shit  
Now we older and the past in the past  
Even in the dried eye give that bitch my last  
20neva 'cause the years may not  
Ever put your all in some shit to get some  
Empty handed, walkin' out is the worst feelin'  
Relationships only good if we keep that first feelin'  
Yeah, I know them niggas think they got a chance  
Still ain't got a groove back so save the last dance  
Yeah, I know them other niggas think they got a chance  
Still ain't got a groove back so save the last dance

Whole lotta years mean nothin'  
I just wanna give you somethin'  
Yeah, I wanna love you forever  
20neva  
I say, a whole lotta years mean nothin'  
Yeah, I just wanna give you somethin'  
I wanna love you forever  
20neva, yeah

Lord knows I just wanna have my baby back  
Too much time flyin' by, need my baby back  
Right here by my side, I can't let her go  
Silly waist, pretty face and she don't fuck with hoes  
Never ever let me see me on my dick  
If I need her, she gon' step 'cause she really with the shit  
Real bitch, she on four and she stay on her shit  
Yeah, you goofy ass hoes could never be my bitch

And she got me goin' crazy  
Said she wanna have my baby  
All the years, all the time, yeah  
I'm just tryna blow your mind

Whole lotta years mean nothin'  
I just wanna give you somethin'  
I wanna love you forever  
20neva  
Whole lotta years mean nothin'  
I just wanna give you somethin'  
I wanna love you forever  
20neva, yeah
