

# Capable

Major Nine

I can show you that I am better and capable  
I can do the opposite of what my haters do  
When your name come up they going to hate on you  
Old hoes get mad and flip the page on you  
And when I'm fighting demons I don't need no help  
I can do good by my goddamn self  
I ain't in my feelings this is some shit I felt  
When you make it to the top they trying to tear down the Shelf

And who the fuck am I to judge you  
Got me looking at the world like fuck you  
I don't really preach and I don't want to touch you  
My gun holds 30 but only needs 2  
Headshot to end all the Mind Games  
And if I feel like I made it fuck your time frame  
I can hold my own weight this is my pain  
I'm in a whole nother League this is my game, yeah

I got to show a nigga that I'm capable  
And I can do the opposite of what my haters do  
He used to be your dog now he hating on you  
If it's plate ain't full he going to take from you  
I like the way designers can you fit these  
Remember we was walking from the o to the 50  
Nigga left my uncle crib with a hickey  
Me and my mama used to ride on a chimney  
Yes, shit ain't right but I believe in God  
And if I take my clothes off you see my scars, yeah  
My mama told me that we used to sleep in the park  
Now I'm about to get a crib with a two-door garage

Got to show these hoes that I'm capable  
I ain't Superman and I ain't saving you  
And if you play with a niggga I'ma play with you  
If you play with a niggga I'ma play with you  
Got to show these people that I'm capable  
I was in the hood feeling capeless to  
Decided that I really got to make it through  
Mama look at your son he about to make the news  
Really from the hood with killers  
My best friend used to be a drug dealer  
Get a family now you got responsibilities  
Riding with the tool just to pay the utilities

(I can show you that I'm better and capable  
I can do the opposite of what my haters do  
When your name come up they going to hate on you  
Old hoes get mad and flip the page on you  
And when I'm fighting demons I don't need no help  
I can do good by my goddamn self  
And I'm not in my feelings this is some shit I felt  
When you make it to the top they trying to tear down the Shelf)
