

Burnin every useless bridge  
Close shots on a muted pig  
I'm still me but ain't they ain't used to this  
I probably got ha on ha knees  
It's fair game if you make ha sneeze  
Trick niggas quick blow they breesh  
Pussy at a all time high playas get lowballed  
How u giving game without no balls  
Prophet turn prospect  
Infinity links but my bitch diamonds offset  
Smith and Webster for the private room  
Make yo own plate and grab a spoon  
Plastic forks when we ain't have a spoon  
Real niggas second  
Kids go first  
Throwin money in the club, no massage I need this shirt  
Guivency for the smell  
Come out my shell just to send a nigga shells  
6 ft the minimum I'm trynna give 'em hell  
Faces paint pictures but my name ring bells  
Block for block u hear the DJ  
Five percents tints so cliché  
Ironically I keep a peace for my peace sake  
Say you wanna float, I'll make you knees shake  
Burning all my old notes  
Can't catch no wave with no old floats  
It my get harder when them hoes choke  
Loyalty and love, they replace it in the basement  
Heart broke in pieces but my soul never faceless  
Don't forget to say my prayers, them demons working  
Never was I perfect, ten toes in person  
Tell them imma keep it G  
If it ain't smoking you can keep the P  
I'm buying land, you can keep the street  
Pussy at a all time high, so what you paying  
Everybody round me got fie, so what you saying  
I don't pledge allegiance till I know you know the cadence  
Sense of urgency, don't die being impatient  
No  
That ain't how its supposed to go  
My Poppa was a rolling stone, I know just how to Rock n Roll  
Play the four and five, if she trip, imma block the hoe  
Foreva Playa, I can't save ha, yea she got to know
