

In My Section

Major Nine

I got G's in my section
If that little bitch messy she can't be in my section
On my soldier shit I got [?] in my section
Rest In Peace to [?] but I got B's in my section
It's black models in my section touch money double limits
It's black bottles in my section
So make room for the vibes
Hope she like girls 'cause she ain't fuckin' up my night
She better get right because I got sluts in my section
Brodie with the violence got it tucked in my section
It's up in my section
G's in my section
Lot of backwoods grabba leaves in my section
No C's in my section
It's dogs in my section
PSA the drip it ain't no mile in my section
She all in my section
[?] in my section
Really havin' motion got that check in my section
What's next in my section
Got the city in my section
Really outside you can tell by my complexion
She know this when she text some
DND 'cause I'm floatin' in my section

All this loud in the section
Brodie pass the drugs she know' I had to intercept it
And it ain't no paper know we rollin' to perfection
All these G's in this section
And you know we keep 'em [?] for protection
Honey bees in the section
And if she let me poke you know I'm on to the, on to the next one
Last one I hit I really lost that's my ex one
Man I pray these bitches get along in my section
Awe man what's really goin' on bitches wrestling
Especially for this paper shit goin' get really aggressive
I think I'm in the wrong section
I'm just tryna float so point me in the right direction
Still reppin' for my section
Real city babies so excuse my aggression
Silky smooth but I can act a fool with the weapons
Never learn my lesson
Hard-headed shorty footy loops for the breakfast
Now we eatin' [?]
Bottles in the section
The glo up is different but I promise we ain't flexin'
Counting up these blessings
Scammers in the section
Everybody [?] my dog said he been in lab like he Dexter
If feel like we destined
Super bowl team if we all in one section we ball like professionals
Just don't throw no flags ain't no refs in this section
Slide on you like the slide then we hit the intersection
