Too Close

Major Nine

Uh...
Don't trust nobody I'll never let them get this close, uh yeah
She rub her body like I can't take this shit no more
Don't trust nobody I'll never let 'em get this close
He grab her wig he with the shits he told her hold on
Ran out of love she tryna go no she can't prolong
Fuckin and fighting, they say patron make you shone
But why she biting
Don't trust no hoe cause all these hoes out here, my son
Ima keep it real, yeah, gotta keep it real, yeah

How I'm post to trust you and I barley even know you
Rule number one don't tell these hoes what you go thru
Never been a sucker for love
Two more drinks and I'm gon be ready to fuck
Yea, still in the hood with some day to day niggas
Shout out to my brothers them my day to day niggas
Soild as can be and you can't knock me off my pivot
Slurring certain words and I know that she gon feel it
Why? cause I got bands, you got bands we so band up
Fuck the police the club the reason why my hands up
Really from a hood of small percent of understanders
Better keep yo cool because you know we got our fans up
