

Keeper

Makari

Goodnight owl; you watch over the moon, you watch over me
Goodnight now, make sure luna plays nice with the sea

It gets closer, closer than it's ever been before
It washes over my head until my room is the ocean floor

When I fell asleep
You were waiting right outside in your favorite tree
A sentry from your wooden balcony
You know you don't owe me anything

Moonlight low, only you can see what the owl can see
Moonlight soul, like the water, you are free

Closer, closer than it's ever been before
It washes over my head until my dreams rest on your shore

When I fell asleep
You were waiting right outside in your favorite tree
A sentry from your wooden balcony
You know you don't owe me anything
I trust you for you
Thrive in the darkest
Of hours where you don't need to hide

When I fell asleep
You were waiting right outside in your favorite tree
A sentry from your wooden balcony

I trust you for you
Thrive in the darkest
Of hours where you don't hide

When I fell asleep
You were waiting right outside in your favorite tree
A sentry from your wooden balcony
You know you don't owe me anything
I trust you for you
Thrive in the darkest
Of hours where you don't need to hide
