

# Sirens

Make Out Monday

Well, I spend these nights chasing stars  
Looking for you on the boulevards  
Circling your house, just kicking cars  
And waiting on sirens, waiting on sirens

It's been six months since I heard from you  
Thought I'd drop the lock, you'd probably burn the proof  
Skip town in a hurry, must've heard the news  
Left me posing for the cameras and the boys in blue

Do you still have the scrapbook you made for me?  
Sometimes I think I'm the pages that'll never be  
You said, "We're cuffed to the past", you found the key  
You're never long back, but as for me

I spend these nights chasing stars  
Looking for you on the boulevards  
Circling your house, just kicking cars  
And waiting on sirens, waiting on sirens

I spent six months in that murder scene  
Drawing chalk outlines to make sense of the screen  
You said you had enough gas to burn the memories  
As you lit the match, you swore you'd never leave

Now I spend these nights chasing stars  
Looking for you on the boulevards  
Circling your house, just kicking cars  
And waiting on sirens

I spend these nights causing fires  
Swerving on the bridges, falling apart  
Circling your house, just kicking cars  
And waiting on sirens, waiting on sirens

It's all in vain, it's all in vain  
I dream of you as I curse your name  
Switching the lanes, just hydroplaning  
Off of the bridges, off of the bridges

Where are you now? Where are you now?  
Do you spend your nights just talking too loud?  
I pray you hear my voice in every siren sound  
But you probably never even think about

How I spend these nights chasing stars  
Looking for you on the boulevards  
Circling your house, just kicking cars  
And waiting, waiting

Now I spend these nights causing fires  
Swerving on the bridges, falling apart  
Circling your house, just kicking cars  
And waiting on sirens, waiting on sirens

It's all in vain, it's all in vain  
I dream of you as I curse your name

I 'm just waiting, waiting

Where are you now? Where are you now?  
Do you spend your nights just talking too loud?  
I 'm just waiting, waiting  
Waiting on sirens, waiting on sirens

Just waiting, waiting  
Waiting on sirens
