

Blast Off

Makeout

I can hear you now, it's the same old story
Cutting me down with your tales of glory
I can't see the point, anyway
You said to go to school, need to get a real job
Marry a girl then you work work don't stop
I can't see the point, anyway

When you gonna grow up, grow up
Destiny's slipping away
You gotta grow up, grow up
You're all the same, you're just my enemy

I'm blasting off so say goodbye
My final words are in the sky
You take a look and see me flying, I'm flying
I'm merely aiming for the stars
It's just a path that's in my heart
You gotta look to see me flying, I'm flying

I can hear you now testing all my patience
Carrying on pointless conversations
I refuse your points, anyway
I got an attitude and I can't see reason
So damn rude like I'm the king of treason
What backs up your points, anyway?

When you gonna grow up, grow up
Destiny's slipping away
You gotta grow up, grow up
You're all the same, you're just my enemy

I'm blasting off so say goodbye
My final words are in the sky
You take a look and see me flying, I'm flying
I'm merely aiming for the stars
It's just a path that's in my heart
You gotta look to see me flying, I'm flying

It's the life to be young
To be happy to see
That the future is bright
That was caught in between a moment, a moment, a moment
I'll be honest the good
Always misunderstood
Yeah the future is bright
Even though it's a fight in this moment, this moment, this moment

I'm blasting off so say goodbye
My final words are in the sky
You take a look and see me flying, I'm flying
I'm merely aiming for the stars
It's just a path that's in my heart
You gotta look to see me flying, I'm flying

Say goodbye, my final words are in the sky
Say goodbye, my final words are in the sky
