

Childish

Makeout

1, 2, 3, 4!

Last time I heard about you
You were smoking weed and taking off your clothes
Thought I knew you
Straight edge for life!
Only happened for like one whole week

You shifted gears
Blew like leaves into the atmosphere
Yeah

Can we get back our beginning
Can we get back to the start
Can we make a life that's childlike, not childish
Yeah
Can we get back what we wanted
Can we fix a busted heart
Can we make a life that's childlike, not childish
Yeah

Last time I thought about you
I was walking past that playground where we met
Thought I knew you (I guess I didn't)
Best friends for life!
Only lasted for like one whole week

You disappeared
Blew like dust into the atmosphere
Yeah

Can we get back our beginning
Can we get back to the start
Can we make a life that's childlike, not childish
Yeah
Can we get back what we wanted
Can we fix a busted heart
Can we make a life that's childlike, not childish
Yeah

Can we take back our decision
To keep our voices down
And hold onto the vision
Can we change up our position
To leave the final round
And hold onto the vision

Can we get back our beginning
Can we get back to the start
Can we make a life that's childlike, not childish
Yeah
Can we get back what we wanted
Can we fix a busted heart
Can we make a life that's childlike, not childish
Yeah

Not childish yeah!

Can we get back to the start
