

# Figure It Out

Makeout

What's going on?  
Don't know what the hell I'm thinking  
Is something wrong?  
I don't know but now we're sinking  
Am I running, far away  
From something, something great  
Look at myself  
Try to understand the reason

She said  
Make up your mind  
Yeah wouldn't that be nice  
Wish I could find  
A way to stop from  
Staring at the ceiling  
When I forget my feelings  
Always [?]  
Yeah it's time for me to figure it out

It's time for me to figure it out

I swear to god  
It's been a minute since I've seen her  
It's sabotage  
It's like the grass is always greener  
Should I stay? Should I go?  
What the fuck, I don't know  
I'm holding on  
Afraid of what might happen

She said  
Make up your mind  
Yeah wouldn't that be nice  
Wish I could find  
A way to stop from  
Staring at the ceiling  
When I forget my feelings  
Always [?]  
Yeah it's time for me to figure it out

Can someone help me out?  
Please, just tell me what to do  
I need more time, but baby  
I'm afraid of losing you  
Can someone help me?  
At least help me to make up my mind  
I need an answer from you  
If we're gonna make it right  
Gotta keep my shit together  
If I wanna make it better

She said  
Make up your mind  
Yeah wouldn't that be nice  
Wish I could find  
A way to stop from  
Staring at the ceiling

When I forget my feelings  
Always [?]  
Yeah it's time for me to figure it out

Make up your mind  
'Cause I think about you all the time  
Make up your mind  
I'll be yours if you'll be mine
