

Open Minded

Makeout

What you're missing out on is everything
Without an open mind
But if you just step out, hear the words to sing
You'll reach a whole new vibe
If you'd allow yourself to give into change
You'd see that you could shine
But if you keep yourself locked inside a cage
You limit all your sight

Let's be open minded
Let's be undivided
Let's be open minded
And wide awake

When you're flipping out over nothing
It's just a waste of time
What we choose is up to us we gotta see
That we'll be burning bright
When will we find ourselves living this make believe
In the lines of life
Already off the shelf, now what's it gonna be
You're reaching for the light

Let's be open minded
Let's be undivided
Let's be open minded
And wide awake

Let's be open minded
Let's be undecided
Let's be open minded
And wide awake

And still we're waiting, anticipating
You point your finger out, the world will stop complaining
Don't act so jaded, it's over-rated
Yo this disaster can't be all that you've created

And still we're waiting, anticipating
You point your finger out, the world will stop complaining
Don't act so jaded, it's over-rated
Yo this disaster can't be all that you've created

Let's be open minded
Let's be undivided
Let's be open minded
And wide awake

Let's be open minded
Let's be undivided
Let's be open minded
And wide awake

Let's be open
Let's be open minded
Let's be open
Let's be open minded, yeah
