

# Ride It Out

Makeout

Break with you  
When we're close there is no way to lose  
Just a second, I can listen through  
Hear the truth  
Dance with you  
Change the rhythm in the way we move  
Just a second is enough to sweep  
You off your feet again

Don't let this burn out  
Just leave your guard down  
Cause when I dream about you here I wanna ride it out (ride it out)  
Know when you fall down  
I'll have my arms out  
Cause when you're laying next to me I wanna ride it out (ride it out)

Breathe you in  
The nights we shared, I'd like to live again  
Seemed like seconds that would never end  
Can we pretend?  
Stop the clock  
Draw our futures in the pavement chalk  
Stretch the moments when we lock our eyes  
And feel the light again

Don't let this burn out  
Just leave your guard down  
Cause when I dream about you here I wanna ride it out (ride it out)  
Know when you fall down  
I'll have my arms out  
Cause when you're laying next to me I wanna ride it out (ride it out)

Don't worry, I'm heading home  
If you'll have me, you won't be alone  
Keep going, we'll be alright  
Keep going, we'll win the fight  
Do your best to hold on tight

Wait for me  
I'll be heading back to calmer seas  
Like a lullaby that you can feel  
Let's make it real again

Don't let this burn out  
Just leave your guard down  
Cause when I dream about you here I wanna ride it out (ride it out)  
Know when you fall down  
I'll have my arms out  
Cause when you're laying next to me I wanna ride it out  
Ride it out! No!  
Cause when you're laying next to me I wanna ride it out (ride it out)
