

## Coyote

Mako

I'm out here sippin' from the bottle of a Molotov cocktail  
I'm settin' fire to my lungs  
Catch a kiss with a cyanide under my tongue

And if it kill me, it'll kill me  
So let it kill me but I'm never gonna live a lie, no  
Let the willing go, the willing  
I got a taste for a life of dinin' alone

'Cause I'm not here again  
Here again, I'm not here  
No, I'm not here again  
Not here anymore

I'm out here loadin' a gun  
This lovesick hungry wild coyote, run, run, run  
You thought the money would save you, one in the chamber  
Blood in the water, my love

And if it kill me, it'll kill me  
So let it kill me but I'm never gonna live a lie, no  
Let the willing go, the willing  
Time to say goodbye, I'm dyin' alone

Because I'm not here  
No, I'm not here  
Because I'm not here  
I'm not here  
Because I'm not  
(Anymore)

'Cause I'm not here again  
I'm not here again  
I'm not here again  
No, I'm not
