

Roller Coaster

Mako

What a night
Made you cry
Think I might of lost my appetite
Take a deep breath and let it lie
Second I said goodbye
I could feel my stomach drop like a Roller Coaster, get me off
the ride
No appetite to be loved by someone else for a long, long time
To be loved by someone else for a long, long time

Silver tongue devil
I think I just dropped my alibi
Take a deep breath and let it lie
Second I said goodbye
I could feel my stomach drop like a Roller Coaster, get me off
of this ride
Oh get me off this ride
I could feel my stomach drop like a Roller Coaster, get me off
the ride
No appetite to be loved by someone else for a long, long time
To be loved by someone else for a long, long time
