

## Cool Guy

Mal Blum

Stand tall when you're talking to me  
We've got big ol' plans  
We've got people to see  
I don't know him that well  
He was always cool to me  
And everywhere I go  
I am somebody

Like, people wanna be me  
Everybody needs me  
You could spend your whole life  
Trying to be a cool guy  
A cool guy

What else would you like me to get?  
I know everyone  
That you'd want to collect  
And everybody knows  
That the bill is on me  
And everywhere I go  
I've got somebody

Like, people wanna be me  
Everybody needs me  
You could spend your whole life  
Trying to be a cool guy  
A cool guy

Go out on the Hollywood Strip  
I've got things to do  
I won't listen to this  
And the years pass on  
And they pass by me  
I know people everywhere  
I've got nobody

But people wanna be me  
Everybody needs me  
You could waste your whole life  
Trying to be a cool guy  
A cool guy

A cool guy
