

I just want you touching my face  
Look at my eyes can you not see  
I just want you look at my face  
Look at my eyes are you gonna stay  
For me for me I want it all  
Give my everything to you to you  
What's mine is yours

Take your time but I wanna go home  
Cause I've been so in love with everything about it from the ge  
t go  
You're done reading cause I'm bored and cause I said so  
Just look into my eyes (oh I love you)  
And I love that you're smart but I wanna go soon

I just want you touching my face  
Look at my eyes can you not see  
I just want you look at my face  
Look at my eyes are you gonna stay  
For me for me I want it all  
Give my everything to you to you  
What's mine is yours

Baby I'll give you my loving  
You give me your hands  
They're sweaty when you're antsy  
You can wipe it on my shirt and on my pants babe  
I'm sad when you can't stay  
Can't stay for me for me

Take your time I wanna know you're missing me  
I miss you so persistently  
I lose my head then I see you and I lose it again  
What's mine is yours  
If you feel cold then I will hold you baby pinky promising from  
me to you
