

Bleed

Malcolm Todd

Get around, talk about me
You pretend when you can't be
Who you want, who you want, ah
Got a script you can erase
Got a mask glued to your face
Take it off, take it off

Do you wanna know
Know, know about me?
I swear, you can take control
Control of how my heart bleeds

How my heart bleeds
How my heart bleeds

Feel (Feel) it
(Okay, okay, okay) You've gotta relax
(Okay, okay, okay, uh-huh) Baby
Put your hands (Hands, hands) around my ribcage ('Cage)
We can dance (Okay; dance) until we hit the grave (Grave)
Sociopath (Sociopath), after the man
I know you wanna see what's under

Our souls are a match
You're first, but you're last
And do you really wanna know?

Do you really wanna know? Wanna know
Know, know about me? ('Bout me, 'bout me, 'bout me)
I swear, you can take control
Take control of how my heart bleeds

How my heart bleeds (Bleeds)
How my heart bleeds (How my heart)
How my heart bleeds (How my heart)
How my heart bleeds (How my heart)
How my heart bleeds (How my heart; bleeds)
How my heart bleeds (How my heart)
How my heart bleeds
How my heart bleeds
How my heart bleeds

(Ooh, ooh, ooh)
(How my heart bleeds, how my heart bleeds) Bleeds
