

## In A Trance

Malcolm Todd

I got you down  
You got me up in a trance  
I need to know  
When I could be your man  
I got you down  
You got me up in a trance  
I need to know  
When I could be your man

Come on lady come and see your man  
Imma come and get you then we'll go  
Never gonna turn around  
No nothing can go wrong  
Cause I won't let it  
You want anything then we'll go get it  
Girl I been fine  
That's what they say  
Now when you gonna come my way (my way my way)

I got you down  
You got me up in a trance  
I need to know  
When I could be your man  
I got you down  
You got me up in a trance  
I need to know  
When I could be your man
