

# It's A Malcolm Todd Christmas

Malcolm Todd

Hello, it's not me  
I wanna tell you that I love you all  
And happy holidays  
Go spread that love

It's a holiday baby  
So you can open up to me, maybe  
Walk through the snow  
All this way, save me  
It's cold and it's Christmas  
And on my wish list  
I need to know  
Can I take you home  
I've been all alone  
Can I take you home

Oh, it's December, you know  
Reindeer, reindeer, Santa Claus, had a Christmas song  
Home Alone, the movie starring, needing mistletoe  
Waiting on you, don't eat that, I'm sorry, yeah I was wrong  
But, baby it's okay  
Reindeer, reindeer, Christmas sleigh  
Words that rhyme with Christmas sleigh  
Hot coco on Christmas day  
I'll bake you cookies like I'm waiting for your presents  
But I really want your presence there and you to be here because it's a

Holiday baby  
So you can open up to me, maybe  
Walk through the snow  
All this way, save me  
It's cold and it's Christmas  
And on my wish list  
I need to know  
Can I take you home  
I've been all alone  
Can I take you home

You fucking twat!
