

# Ladygirl

Malcolm Todd

Oh yeah, I've been sleeping on the sofa  
Got my head up to my shoulders  
And my energy, I left it on the shelf  
I've been tryna throw my guard up  
A new life that I can start up by myself

I get it from you  
Oh, my ladygirl  
I thought I could be cool  
But I made it feel like the world stopped  
I'll see you soon  
Oh, well maybe not  
Cause you've been acting tough  
I think that we are sticks and rocks

I wanna be your throne  
I wanna call you baby  
I'll give you all you want  
And you can say you'd date me  
I wanna take you home  
I wanna bring you with me  
I'll take you to my shows  
Then after you can kiss me (Kiss me)

La-la-la, la-la-la, la-la-la, la-la-la  
La-la-la, la-la-la, la-la-la, la-la-la  
La-la-la, la-la-la, la-la-la, la-la-la  
La-la-la, la-la-la, la-la-la, la-la-la
