

Mac

Malcolm Todd

Wanna get some dinner but I can't even take you
Gonna hang the phone up cause I don't wanna hate you
(Oh no) I'm feeling low we never had that
Now I'm singing songs with some tattoos and a bad back
Wanna be your buddy but I wanna kiss your face too
Always being busy is something I can't relate to
Now I'm getting worried cause soon I'll be on a tour bus
You'll be still in school and I won't fit cause I'm enormous

Why you can't even try
No it's not your fault
Turns out I can cry
Oh why oh why oh why
Why you can't even try
No it's not your fault
Turns out I can cry
Oh why oh why oh why

Wanna get some dinner but I can't even take you
Gonna hang the phone up cause I don't wanna hate you
Oh God I'm feeling low we never had that
Now I'm singing songs with some tattoos and a bad back
Wanna be your buddy but I wanna kiss your face too
Always being busy is something I can't relate to
Now I'm getting worried cause soon I'll be on a tour bus
You'll be still in school and I won't fit cause I'm enormous

Yeah short verse you don't know it hurts
But you know it's bad when Mac says he's sad
Because I take a fall when I'm not all
For you to have while you are gone
I know it's wrong

Why you can't even try
No it's not your fault
Turns out I can cry
Oh why oh why oh why
Why you can't even try
No it's not your fault
Turns out I can cry
Oh why oh why oh why

Wanna get some dinner but I can't even take you
Gonna hang the phone up cause I don't wanna hate you
Oh God I'm feeling low we never had that
Now I'm singing songs with some tattoos and a bad back
Wanna be your buddy but I wanna kiss your face too
Always being busy is something I can't relate to
Now I'm getting worried cause soon I'll be on a tour bus
You'll be still in school and I won't fit cause I'm enormous
