

On My Shoulder

Malcolm Todd

I can't have my phone off
'Cause I just need to know
I'm not far from aching
And you're too far from home
You don't wanna say it
But it's our time to go
You don't wanna sing it
But you can have it all
Oh, no, you can have it all

I wanna quit writing
And I do what I don't know
I'm sitting and swimming
Not just to be alone
It's true
I'll be done very soon

What's gonna be the wash I use when you cry on my shoulder
You're living in a world where you can hit me when I'm older
I'm getting the hang of my life
Now I'm sorry I ditched
I'm alright now
But still I can't I

I can't have my phone off
'Cause I just need to know
I'm not far from aching
And you're too far from home
You don't wanna say it
But it's our time to go
You don't wanna sing it
But you can have it all
Oh, no, you can have it all

You can have it all
You can have it all
You can have it all
You can have it
You can have it
You can have it all
You can have it all
You can have it all
You can have it
You can have it

I'm missing what's gone
You're ready to move on
And I just want you happy
Forget I was madly in love
With the thought of just us two
Cause you're not gonna call
I know that you can have it
You can have it

You can have it all
You can have it all
You can have it all

You can have it
You can have it
You can have it all
You can have it all
You can have it all
You can have it
You can have it
You can have it all
You can have it all
You can have it all

You can have it all
You can have it
You can have it
